IMPORTANT:

We will be casting many vehicles. Anyone who owns a reliable vehicle, is a good driver, and can drive in a scene, should bring their vehicle to the casting so we can take a picture to put with their file. Not interested in new, luxury, or flashy cars due to the fact that the majority of vehicles used will be in small town streets & high school settings.

IMPORTANT

Most scenes are being shot in the Portland/NW areas and since call times can be very early and shooting schedules are subject to change at a moments notice, we are only considering “locals” who live in Oregon/Washington and ask that those out of state do not apply at this point or make a long distance trip to the casting call.

EXTRAS ONLY is Oregon’s largest and longest established, most credited extras casting company led by long time casting director Danny Stoltz and is responsible for a majority of the popular productions and casting calls in Oregon for over 10 years. We cast thousands of real-people in commercials for fortune 500 companies and big studio feature films!!
